I knew.  
You, and so much more.

Our eternal path  
was clear.  
I plunged along  
noticing little  
as life streamed past.

As sight dimmed,  
I saw more.  
Felt more.  
Wanted to be more.  
To connect more,  
with you  
and all reality.

And I knew less.  
So much less.  
Nothing.

I did not know you.  
Just bits.  
Here and there.

I now learn  
of a fathomless being.  
So much more  
than I knew  
or imagined.

An unfolding wonder.

I fear.  
But growth and discovery  
trump  
with joy.

Our uncertain path  
allures  
as never before.

It begs us.  
To taste, touch, feel  
each step.  
The rest sees  
to itself.

You chose love  
over fear.  
Barely.

And so we explore  
Together.

I know gratitude.  
Nothing more.  
And will do all  
to make you feel.  
And smile.
